

Website fix note -

- The designer cursor doesn't work on the reel page over the embedded video
- The scroll up and down is not smooth, it is choppy
 - Under reel page + Overview page ,films page , commercial page there needs to be :

Left :

ejazmeh.work@gmail.com / +968 78058101

Instagram - Vimeo - IMDb

Right:

INSIDE PROJECTS:

- The scroll up and down is not smooth, it is choppy
 - The film/ commercial category text in list view is not visible at all, its too small , size needs to be fixed exactly same size as the grid video category font size
 - Project screengrabs gallery needs to have forward and back navigation arrow
 - Inside every project under the embedded video the sections are:

Description for commercial

Synopsis for films and a poster section on the left

Credits, Screengrabs, (set stills , story behind the project - optional)

- Inside the projects - The title font is wrong doesn't have consistency with other fonts.
 - Inside every project page - there needs to be padding / space between name of the project and the nav bars
 - Inside every project page - at the very bottom the next project and previous project font is unreadable the font is too thin needs to be the same font as the project category from overview page.

INFO PAGE

- In the information page:

The maps needs to be in specific places , now they're everywhere

 - The communication links like email. Instagram , Vimeo , IMDb needs to have links to navigate to the said profiles
 - The communications should be placed horizontally and shouldn't cross the height of the profile photo
- Award dates, naming , years needs consistency , remove year from the

festival name

- Order of the details:

Festival name with year , award name , film name

- A Thing About Kashem needs to be added

- Some of the press links don't work

Add : DAZED , French Society of Cinematographer , Zeiss , Voyage LA ,
Fright Pod cast , Prothom Alo - MIFF news , Variety news, Cinerama film.

-

- Selected brands / client list needs to be updated.
